How to submit your homework by Github

> Real programmers can write assembly code in any language. - Larry wall

Key Steps: Open url → fork → branch → add your answer → pull request → modify → close

1. Sign in

Go to www.github.com and click **Sign in.** Sign in with your account.

2. Open the url of assignment

After open the url, click your **url** at the last line. For Example:

Accepted the **String-Class-Array-Practice-02** assignment

You are ready to go!

You may receive an invitation to join @APCS2019 via email invitation on your behalf. No further action is necessary.

Your assignment has been created here: https://github.com/APCS2019/string-class-array-practice-02-Arcane-Khadgar

3. Click the Fork button

Fork a repository means producing a personal copy of this assignment.

APCS2019 / **string-class-array-practice-02-Arcane-Khadgar**

<> Code   ⓘ Issues 0   ⑂ Pull requests 0   ▥ Projects 0   ▦ Wiki   ⓘⓘ Insights
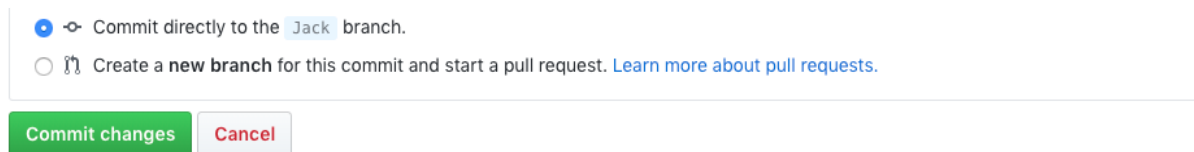

4. Open question template file and write down your answers

# 5. Commit changes

Commit when you finished some session of this homework.

The commit command is used to save your works to the local repository.

● ⚬ Commit directly to the `Jack` branch.

○ ⑂ Create a **new branch** for this commit and start a pull request. Learn more about pull requests.

Commit changes   Cancel

6. Compare & pull request

<> Code   ⑂ Pull requests 0   ▥ Projects 0   ▦ Wiki   ⓘⓘ Insights   ⚙ Settings

Your recently pushed branches:

⑂ **Jack** (less than a minute ago)   ⑂ Compare & pull request

Filters ▾   🔍 is:pr is:open   Labels   Milestones   New pull request

7. Create pull request - Hand in Homework

Pull request let you tell your teacher about your works you have pushed to a branch in a repository. Once a pull request is opened, you can discuss and review the potential changes with your teacher and follow-up commits before your changes are merged into a base branch.

Your teacher will see what you have done, then give you some feedback within the pull request.

8. !DO NOT Close the pull request.

Your teacher will do it.
